

OGDENSBURG CITY SCHOOL DISTRICT
OGDENSBURG, NEW YORK

SUBJECT: Second Review of Revised Board of Education Policy #7222:
Diploma or Credential Options for Students with Disabilities

DATE: September 17, 2018

REASON FOR BOARD CONSIDERATION:

The Board of Education must review and approve all policies and regulations of the Ogdensburg City School District.

FACTS AND ANALYSIS:

The District will provide students with disabilities appropriate opportunities to earn a diploma or other exiting commencement credential in accordance with Commissioner's regulations. During the student's annual review, the District will evaluate graduation opportunities and identify the means to achieve them.

RECOMMENDED ACTION:

No action necessary – Second Review of Revised Board of Education Policy #7222: Diploma or Credential Options for Students with Disabilities.

APPROVED FOR PRESENTATION TO THE BOARD:

Superintendent

Attachment

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES

The District will provide students with disabilities appropriate opportunities to earn a diploma or other exiting commencement credential in accordance with Commissioner's regulations. During the student's annual review, the District will evaluate graduation opportunities and identify the means to achieve them. As part of this process, the District:

- a) Will coordinate activities with guidance personnel and BOCES staff to ensure that students meet credit and sequence requirements, and to consider them for vocational opportunities.
- b) May modify instructional techniques and materials. Any modifications will be included on a student's Individualized Education Program (IEP) so that they can be implemented consistently throughout the student's program.
- c) Will review special education instructional programs to ensure equivalency with the same courses taught in the general education program.
- d) Will coordinate communication between special and general education staff so that all staff members understand required skills and competencies, and to establish equivalency of instruction in special education classes.

Graduation and transition plans will take into account the various pathways available to these students. For students with IEPs, the District will plan transition services for post-secondary life as early as possible, but no later than the school year in which the student turns age 15. Transition activities will focus on improving both the student's academic and functional achievement. The plan will explore post-secondary opportunities and employment options and, if applicable, connection with adult service agencies that may provide the student with services after exiting school.

The District may award these diplomas or credentials, or both:

- a) Local diploma: available to students with an IEP or a Section 504 accommodation plan that specifies a local diploma. Students must comply with credit requirements. The available assessments to earn a local diploma include:
 1. Low-pass safety net option: students must achieve a score of 55 or higher on five required Regents exams.
 2. Low-pass safety net and appeal: available to students who score 52-54 on up to two Regents exams, successfully appeal those scores, and meet other applicable conditions.
 3. Regents Competency Test (RCT) safety net option: a student who enters grade 9 before September 2011 must pass a corresponding RCT if he or she does not attain a score of 55 or higher on the Regents examination.

(Continued)

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES (Cont'd.)

4. Compensatory safety net option: except for scores on ELA and math exams, students may use one Regents exam score of 65 or above to compensate for a Regents exam score of 45-54. Students must score at least 55 (or successfully appeal a score of 52-54) on both the ELA and a math exam.
 5. Superintendent's determination: students who are unable to demonstrate their proficiency on standard state assessments because of one or more disabilities may be able to graduate upon the Superintendent's review and written certification of their eligibility. The Superintendent will make a determination after receiving a written request from an eligible student's parent or guardian. (Students with a Section 504 accommodation plan may not use this option.)
- b) Career Development and Occupational Studies Commencement Credential (CDOS): any student who is not assessed using the New York State Alternate Assessment (NYSAA) may earn the CDOS Commencement Credential as a supplement to a Regents or local diploma or as his or her only exiting credential if the student attended school for at least 12 years, excluding kindergarten. The student must meet criteria specified by the State Education Department confirming that he or she has attained the standards-based knowledge, skills, and abilities necessary for entry-level employment.
- c) Skills and Achievement (SA) Commencement Credential: students with severe disabilities who are assessed using the NYSAA may earn the SA Commencement Credential. They must attend school for at least 12 years, excluding kindergarten. The District must document the student's skills, strengths, and levels of independence in academic, career development, and foundation skills needed for post-secondary life.

Education Law §§ 3202 and 4402
8 NYCRR §§ 100.1, 100.2, 100.5, 100.6, 200.4, and 200.5

NOTE: Refer also to Policy #7220 -- Graduation Options/Early Graduation/Accelerated Programs

Adopted by the Ogdensburg City School District Board of Education on: October 15, 2018

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES

In addition to all graduation options afforded general education students, students with disabilities may earn the following diplomas or credentials. They are generally described as:

Safety Net Options

These options allow a student to graduate with a local diploma:

- 1) Low-pass: students must achieve a score of 55 or higher on five required Regents exams.
- 2) Low-pass with appeal: available to students who score 52-54 on a Regents exam, successfully appeal that score, and meet all appeal conditions.
- 3) Regents Competency Test (RCT): a student who enters grade 9 before September 2011 must pass a corresponding RCT if he or she does not attain a score of 55 or higher on the Regents examination.
- 4) Compensatory: except for scores on ELA and math exams, students may use one Regents exam score of 65 or above to compensate for a Regents exam score of 45-54. Students must score at least 55 (or successfully appeal a score of 52-54) on both the ELA and a math exam.
- 5) Superintendent's determination: students who are unable to demonstrate their proficiency on standard state assessments because of one or more disabilities may be able to graduate upon Superintendent review and written certification of their eligibility. The Superintendent will make a determination after receiving a written request from an eligible student's parent or guardian. The parent or guardian will submit this request to the student's principal, Committee on Special Education chairperson, or any other applicable employee, who will immediately forward it to the Superintendent. There are two ways students may meet the eligibility conditions under this option:
 - a. Students score 55 or higher on the ELA and one math Regents exam, or successfully appeal a score between 52-54.
 - b. Students do not meet the criteria in subsection a, but pass their ELA and math Regents-level courses and complete the Career Development and Occupational Studies (CDOS) Commencement Credential requirements. The Superintendent will determine whether the student has demonstrated proficiency in the knowledge, skills, and abilities in ELA and math, as well as any other subject areas required for graduation where he or she was unable to demonstrate proficiency of the state's learning standards as measured by the corresponding Regents exams.

Other eligibility criteria, such as attendance and completing course credits, apply to these options.

Students

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES (Cont'd.)

Career Development and Occupational Studies Commencement Credential

Any student who is not assessed using the New York State Alternate Assessment (NYSAA) may earn the CDOS Commencement Credential as a supplement to a Regents or local diploma, or as his or her only exiting credential if the student attended school for at least 12 years, excluding kindergarten. The student must meet criteria specified by the State Education Department (SED) confirming that he or she has attained the standards-based knowledge and skills necessary for entry-level employment.

The student must either:

- 1) Develop a career plan, demonstrate that he or she attained commencement-level CDOS learning standards in the areas of career exploration and development, integrated learning, and universal foundation skills, complete the required Career and Technical Education coursework and work-based learning, and have at least one completed employability profile; or
- 2) Receive a satisfactory passing score on any work-readiness assessment approved by the Commissioner.

This credential will be similar in form to a diploma, will be endorsed by the Board of Regents, and will certify the student's readiness for entry-level employment.

Skills and Achievement (SA) Commencement Credential

Students with severe disabilities who are assessed using the NYSAA may earn the SA Commencement Credential. They must attend school for at least 12 years, excluding kindergarten. The District must document the student's skills, strengths, and levels of independence in academic, career development, and foundation skills needed for post-secondary life.

This credential will be similar in form to a diploma and will state that it is based on alternate academic achievement standards.

Continuing Attendance Eligibility

If a student earns the CDOS or SA Commencement Credential without a Regents or local diploma, the credential will be accompanied by a written statement of assurance confirming his or her eligibility to continue attending school in the District, without paying tuition, until the student earns a diploma or turns 21, whichever occurs first.

Adopted by the Ogdensburg City School District Board of Education on: October 15, 2018
