# Ogdensburg City School District

Professional Learning Plan
2023-2024

Ogdensburg City School District
Professional Learning Plan

District Name: Ogdensburg City School

Beds Code: 512300010000

Superintendent: Kevin Kendall

Address: 1100 State Street, Ogdensburg NY13669

Phone: 315-393-0900

Fax: 315-393-2767

The Ogdensburg City School District encourages high academic excellence through integrated thematic educational experiences, enhanced by community collaboration to accommodate individual learning needs in heterogeneously grouped classrooms. We strive to develop self-actualized individuals who demonstrate high academic excellence, effective communication skills, critical thinking abilities, civic values and global awareness as we provide and support opportunities for life-long learning.

The Ogdensburg City School District will promote and support students as they explore and develop the skills needed to participate successfully in an ever-changing and diverse society striving to promote life-long learning and a variety of post-secondary education or training opportunities. Students are challenged to seek and become involved in educational opportunities that address their unique needs, interests, and strengths as involved and contributing citizens.

A graduate of the Ogdensburg City School District is expected to be an effective communicator, complex thinker and productive worker. These graduation standards are addressed in a fluid way throughout the pre-Kindergarten through 12th grade curriculum.

I. Professional Learning Planning Team

Name	Title
Sue Ellen Bouchard	JFK Elementary Principal
Heather LeClair	Title I Teacher
Mindy Bixby	Math Coach
Amanda Sharlow	Literacy Coach
Amy Frederick	Parent
Justin Fishel	Teacher
Brooke Reid	ASI
Ben Mathews	Teacher
Elizabeth Nee	Title 1 Supervisor
Steve Putman	Middle School Principal

A district team reviews and develops the Professional Learning Plan (PDP). The Professional Learning Planning Team has been actively involved in the following tasks:
- Data Analysis
- Prioritizing Needs
- Goal Setting
- Planning/Development Activities
- Plan Implementation
- Evaluation/Modifying Plan

II. Professional Learning Plan Yearly Requirement and Compliance

This Professional Learning Plan is in compliance with Commissioner Regulations 100.2 (dd) that requires each district to collaboratively create Professional Learning Plans that are reviewed annually.

Additionally, Professional Learning activities outlined in this plan provide teachers with the opportunities needed to meet and maintain the Continuing Teacher Leader Education (CTLE) requirements as defined by The Board of Regents in Subpart 80-6 of the Regulations of the Commissioner of Education to implement Chapter 56 of the Laws of 2015 relating to the registration process for any holder of a classroom teaching, school leader and teaching assistant certificate that is valid for life (Permanent, Professional and Level III Teaching Assistant) and the establishment of Continuing Teacher and Leader Education (CTLE) requirements for Professional and Level III Teaching Assistant certificate holders.

The Ogdensburg City School District will provide Professional Certificate holders with certificates acknowledging completion of workshops, trainings, and Professional Learning opportunities qualifying for CTLE credits. Such certificates will include participant's name, date of workshop, number of hours, topic, and type of activity or program.

The requirements of CR 100.2(dd) to have a Professional Learning Plan for the succeeding school year have been met.

The Superintendent of the district will certify to the Commissioner that the requirements of the Professional Learning Plan for the succeeding school year have been met, are compiled, and are applicable to the current school year.

The school district has complied with the Professional Learning Plan applicable to the current school year.

The team will submit to the Board of Education a recommended Professional Learning Plan by September 1. The Board of Education will evaluate the effectiveness of the plan and will adopt or recommend changes at a public meeting.

The purpose of this plan is to improve student learning by providing meaningful, focused, Professional Learning opportunities that are aligned with the Learning Standards of New York State.

III.   Introduction

This Professional Learning Plan for the Ogdensburg City School District describes a vision for adult learning that is collaborative, continuous, embedded in daily practice and focused on student achievement. This model builds on and strengthens the successes already evident in the district. We strive to strengthen this culture that supports adult learning by providing a framework that affords every educator an opportunity to enrich his/her practice.

Our approach to Professional Learning is to make certain that all educators have the best possible skills, content knowledge, and preparation for teaching. The needs of learners in the twenty-first century demand innovative, progressive, and cutting-edge instruction.

The purpose of Ogdensburg City School District's Professional Learning Plan is to improve the quality of teaching and learning, and to directly align this plan with our continued commitment to putting students first, professionalism, instructional technology, respect for all, high expectations, learning standards, and shared decision-making.

Our Professional Learning program is intentionally designed to build skills and capacities for improvement through comprehensive and ongoing learning. We believe that sound and practical Professional Learning programs are positive links to establishing effective instructional practices that will enhance the knowledge of curriculum content, design and delivery.

As such, Professional Learning in the Ogdensburg City School District will:
- reflect a commitment to ongoing and continuous Professional Learning that is based on the analyses of multiple sources of data
- include sufficient time and follow up support provided to staff to master new content and strategies
- ensure that content of Professional Learning focuses on what students need to know and be able to do and is explicitly linked to the effect on student learning

- make certain that content of Professional Learning will provide opportunities to gain an understanding of the theory underlying the knowledge (context) and skills being learned
- support the implementation of best practices as evidenced by research
- provide both a focus on instructional repertoire and content-specific skills. Instructional improvement requires that teachers possess a deeper understanding of both their academic disciplines and of specific pedagogical approaches
- impart opportunities to explore, question, and debate in order to integrate new ideas into classroom practice
- maintain a differentiated and developmental approach to meet individual and district needs relating to the teaching and learning process
- involve teachers in the identification of what they need to learn and in the development of the learning experiences in which they will be involved
- include the use of flexible times and models essential for successful implementation of Professional Learning

Our comprehensive Professional Learning Plan promotes student achievement by providing learning opportunities for staff that is aligned with major school and/or district goals identified through regular needs assessments and a Professional Learning Planning process.

IV.   Needs Assessment

As part of the ongoing Professional Learning Planning cycle, the Ogdensburg City School District reviews multiple sources. The following items are analyzed annually to determine the focus and content of the Professional Learning Plan:
- Student Achievement Data
- School Report Card
- BEDS data
- NYS and District Assessments (e.g., 3-8 testing and Regents exams)
- Disaggregated Student Achievement Data
- Student Cohort Data
- Report Cards
- SSEC/DASA Reports
- Supervisor and Department Recommendations
- Counseling Records
- Student Attendance and Discipline reports
- Graduation and Drop-out Rates
- Special Education Identifications and Annual Reviews
- NYS Learning Standards
- College Placement Rates
- Academic Intervention Services and RTI Records
- Elementary Benchmark Reading Assessments
- College Boards (AP, SAT) Surveys
- Professional Learning Needs Assessment Surveys
- Professional Learning Evaluation/Feedback Surveys

- Additional Data Sources
- Longitudinal Student Performance Data
- Teacher Retention and Turnover Rates
- Professional Performance Reviews and Observations/Evaluations
- Program Evaluations
- SED Regulations and Mandates
- Mentor Program Evaluations

V.   Description of the Plan

The New York State Professional Learning Standards and the related indicators will guide high quality Professional Learning offered by providers. Use of the standards will increase coordination of effort and consistency in providing Professional Learning to all school personnel ensuring consistent high-quality Professional Learning leading to increased student achievement.

The New York State Professional Learning Standards are based on fundamental knowledge about contextual factors from converging research about effective Professional Learning and its ultimate impact on student learning. They are aligned with New York State Learning Standards.

The Ten Standards for High Quality Professional Learning

1. Designing Professional Learning: Professional Learning design is based on data; is derived from the experience, expertise and needs of the recipients; reflects best practices in sustained job-embedded learning; and incorporates knowledge of how adults learn.

2. Content Knowledge and Quality Teaching: Professional Learning expands educators' content knowledge and the knowledge and skills necessary to provide developmentally appropriate instructional strategies and assess student progress.

3. Research-based Professional Learning: Professional Learning is research-based and provides educators with opportunities to analyze, apply and engage in research.

4. Collaboration: Professional Learning ensures that educators have the knowledge, skill and opportunity to collaborate in a respectful and trusting environment.

5. Diverse Learning: Professional Learning ensures that educators have the knowledge and skill to meet the diverse learning needs of all students.

6. Student Learning Environments: Professional Learning ensures that educators are able to create safe, secure, supportive, and equitable learning environments for all students.

7. Parent, Family and Community Engagement: Professional Learning ensures that educators have the knowledge, skill, and opportunity to engage and collaborate with parents, families, and other community members as active partners in children's education.

8. Data-driven Professional Practice: Professional Learning uses disaggregated student data and other evidence of student learning to determine Professional Learning needs and priorities, to monitor student progress, and to help sustain continuous professional growth.

9. Technology: Professional Learning promotes technological literacy and facilitates the effective use of all appropriate technology.

10. Evaluation: Professional Learning is evaluated using multiple sources of information to assess its effectiveness in improving professional practice and student learning.

All Professional Learning is aligned with New York standards and assessments. Future Professional Learning will emphasize and focus on improved student outcomes. New York State Learning Standards are being infused into all appropriate curriculum areas and more students will become involved and successful on the new state assessments.

Professional Learning opportunities currently existing are:

- Grade Level/Interdisciplinary Team/Department Meetings
- Collaborative Problem-Solving Cadres
- Examining Student work
- Turn-Key Training
- Faculty meetings
- Staff Development Days
- Technology/Standards Support
- Coaching/Mentoring Program
- Teacher Center or BOCES workshops/trainings
- Workshops (standalone/embedded in meetings)
- Conferences
- Distance Learning/webinars
- Training of Trainers
- Peer collaboration and visitation
- Summer curriculum development
- Speakers/consultants invited to present or work with teachers on research-based practices (e.g., vocabulary instruction, differentiated instruction, artists in residence)
- In-service/Research/Case Studies on specific topics
- Study Groups/Book Studies
- Action Research
- After school collaborative meetings
- District sponsored summer workshops/research programs
- Affiliation with an institute of higher education
- Graduate courses
- Online courses
- Professional Organizations and Networks
- Partnerships with Community, Business Industry, and Universities

Reviewed June 13, 2023

The Professional Learning Planning Team researched effective practices in Professional Learning and meets to articulate and plan for Professional Learning across grade levels.

Key ideas of effective Professional Learning include:
- Ongoing, sustained Professional Learning
- Adequately funded Professional Learning
- Mentoring new teachers
- Data driven needs identified by student assessments
- Follow through provided on initiatives
- Focus in targeted areas
- Evaluate effectiveness
- Meeting identified needs
- Multi levels of training (awareness, in-depth, support of new skills)
- Integration of Professional Learning into classroom practice
- Application to student /teacher needs
- Time allotment to be successful in Professional Learning initiatives
- Enabling teachers to collaborate
- Based on current information, research, and data
- Result driven staff development will be driven by student results

The plan will incorporate as many of these practices as possible to ensure that Professional Learning is continuous and sustained. Our Professional Learning Plan addresses the needs of staff at all stages of their careers and is applicable to professional and supplemental school staff in general education and special education. A sustained effort in these goal areas reflects a continuous systemic approach to improve student performance. As the result of focused involvement in Professional Learning, instructional staff will better meet the needs of the students they teach. Many staff are involved in curriculum review and alignment of tasks to assure access to general education curriculum for all students.

The district will measure the impact of Professional Learning on student achievement on all New York State tests. Increasing the number of students meeting proficiency in ELA and Math will indicate that classroom instruction is effective and meeting the needs of our students. Principal observations and evaluations (formal evaluations and informal "walk-throughs") will identify the use of effective classroom practices.

VI.   Evaluation

A variety of needs assessments will be used to monitor the quality and effectiveness of each goal of the professional staff development program. From these assessments, gap analyses will determine adjustments relative to the overall and specific aspects of the staff development program.

A spring/summer annual review will be conducted by the Professional Learning Planning Team to discuss the evaluation data and to discuss any changes that need to be made to this plan. The plan will be updated from that meeting will be sent to the Board of Education for review and approval.

Reviewed June 13, 2023

The Professional Learning Plan is created by a district committee for the purpose of improving the quality of teaching and learning. This plan ensures that teachers participate in substantial Professional Learning to remain current and meet the learning needs of their students.

VII.   New Registration and Continuing Teacher and Leader Education (CTLE)

New Statutory Definition of Continuing Teacher and Leader Education is as follows: "Activities designed to improve the teacher or leader's pedagogical and/or leadership skills, targeted at improving student performance, including but not limited to formal continuing teacher and leader education activities. Such activities shall promote the professionalization of teaching and be closely aligned to district goals for student performance which meet the standards prescribed by regulations of the Commissioner."

Any holder of a teaching certificate in the classroom teaching service, teaching assistant (Level III) certificate or an educational leadership certificate that is valid for life must register with NYSED every 5 years. Individuals who hold a professional certificate must complete 100 hours of continuing teacher and leader education, as defined by the Commissioner.

VIII.   Provisions for Teachers Certified in Bilingual and English Language Learner (ELL) Education

Teachers possessing a Professional certificate in the certificate title of English to speakers of other languages (all grades) or a holder of a bilingual extension under section 80-4.3 of this Title must complete their CTLE hours with a minimum of 50 percent in language acquisition aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English language learners.

The Ogdensburg City School District's teachers will utilize the expertise and trainings provided by the Regional Bilingual Education- Resource Network and other approved providers to fulfill these requirements.

For all other faculty and staff, the Ogdensburg City School District meets* and will apply for an exemption from the Professional Learning requirements in language acquisition for ELLs.

*There are fewer than 30 English language learner students enrolled or English language learners make up less than five percent of the Ogdensburg City School District's total student population as of such date as established by the commissioner.

IX.   Mentoring Program

The purpose of the Mentoring Program shall be to provide support for new teachers in the classroom teaching service in order to ease the transition from teacher preparation to practice. Mentoring fosters the Professional Learning of new teachers while improving teacher effectiveness and daily instruction. As research shows, quality teachers make all the difference in a child's education. Mentoring develops quality teachers and is crucial to maximizing student achievement. The goal of the program is to

enhance the teaching/learning environment in the classroom by assisting new teachers in effective daily instruction.

One of the five essential components of our Professional Learning Plan is the Mentoring Program. As of February 2004, all new teachers in New York State must be mentored for one year to earn their Professional certification. The program offers a team approach to provide on going support, semi-monthly informational and support meetings, observational feedback, and in-service training.

The Mentoring Program includes:
- familiarizing new teachers with district policies and procedures
- pairing new teachers with mentors in their buildings
- an in-depth look at NYS Learning Standards and core curriculum
- instructional/classroom management strategies
- coordinating various assessments to match lesson objectives
- becoming aware of the types of resources available
- strategies for preparing students for State tests and District standardized tests

The Mentoring Program has been developed and implemented consistent with the Teachers Association (collective bargaining unit).

New teachers holding a professional certificate will have opportunities to maintain such certificates in good standing based upon successfully completing 100 hours of Professional Learning every five years as prescribed in the Professional Learning Plan requirements.

On average teachers will be involved in a minimum of 20 hours of Professional Learning activities on an annual basis. All Level III teaching assistants and long-term substitute teachers participate in Professional Learning activities. These hours come from Staff Development Days in the fall and spring.

All teachers will be provided Professional Learning opportunities directly related to student learning needs as identified by multiple sources of data, including but not limited to school report cards, assessment data, teacher recommendation, etc.

The district receives teachers that have already gone through Professional Learning on school violence prevention and intervention. This training is now a requirement for teaching certification. On-going training opportunities are available through SLL BOCES workshops and other conferences.

Professional Learning will be provided to all professional and supplementary school staff who work with students with disabilities.

X.   Provisions for School Violence Prevention and Intervention Training

Ogdensburg City School District is committed to hiring teachers who have fulfilled the requirements of certification, including participation in workshops covering school prevention and intervention. Such workshops shall consist of at least two clock hours of training that includes but is not limited to,

study in the warning signs within a developmental and social context that relate to violence and other troubling behaviors in children; the statutes, regulations, and policies relating to a safe nonviolent school climate; effective classroom management techniques and other academic supports that promote a nonviolent school climate and enhance learning; the integration of social and problem solving skill development for students within the regular curriculum; intervention techniques designed to address a school violence situation; and how to participate in an effective school/community referral process for students exhibiting violent behavior.

The Ogdensburg City School District will provide refreshers on school violence prevention and intervention yearly.

XI. Record Keeping

The district will maintain records of Professional Learning successfully completed by all teachers and especially for certificate holders. These records will be kept electronically and retained by the school district for at least seven years from the date of completion of the Professional Learning by the professional certificate holder and shall be available for review.

The district will maintain documentation of the implementation of the mentoring program described in the Professional Learning Plan. This information will be maintained by the school district for at least seven years from the date of completion of the mentoring activity and shall be available for review.

XII. Annual Adoption

The plan has been reviewed and/or revised in accordance with the most current version of 100.2 (dd).

The plan or the annual update to the plan will be adopted at a public meeting by the Board of Education.

XIII. Goals and Implementation Plans for Professional Learning

The following Professional Learning goals and objectives have been identified for the 2021-2022 school year. The goals are arranged into six areas or tenets taken from New York State Education Department: Comprehensive DTSDE School Framework developed for school and district improvement plans.

Systems and Organizations: Effective schools establish schoolwide systems and structures that promote continuous improvement and success for all students.

School Leadership: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students.

Curriculum: Effective schools provide students with rigorous, coherent, and relevant curricula that prepares students for success.

Instruction: Effective teachers engage with students in a manner that promotes mastery and allows students to stretch their knowledge and deepen their understanding.

Social and Emotional Learning: Effective schools develop a systematic approach to Social-Emotional Learning to ensure that all students can develop social-emotional learning skills necessary for success within and beyond school.

Family and Community Engagement: Effective schools develop a systematic approach to Parent and Community Engagement to empower parents to effectively advocate for their child's learning and for the improvement of the school.

http://www.nysed.gov/accountability/dtsde

The data collected, generated and analyzed by the District in conjunction with district and school level plans will support the goals, objectives, strategies, activities, and evaluations of this Professional Learning Plan.

XIV. Goals and Professional Learning Activities

Tenet 1 - Systems and Organizations: Effective schools establish schoolwide systems and structures that promote continuous improvement and success for all students.

Goal: Develop building & district staff capability for addressing learning needs of all district students by effective support, supervision and evaluation of teachers, school building leaders, and district leaders, by effective staff assignments, support, and mentoring, and by providing staff with opportunities for continuous Professional Learning.

Strategy: The district will examine the school systems and makes intentional decisions to identify and provide critical expectations, supports and structures in all areas of need so that schools are able to respond to their community and ensure all students are successful.
