NOTE: We have provided the following to replace Board's current policies 1110 (School District and Board of Education Legal Status) and 1120 (Board of Education: Qualifications, Numbers and Terms of Office). NYSSBA's approach is to cover the legal status of the Board in a single policy.

We've incorporated the main provisions of 1110 and 1120 into this policy.

The Board of Education is a nine-member Board elected by district residents. Each member of the Board serves for five years. The terms of office of Board members shall not all expire in the same year. Board members are responsible for school district management and policy-making.

The legal status of the Board is that of a corporate body established pursuant to the laws of New York State. Any liability of the district is a liability of the Board of Education as a corporation and not that of the members of the Board as individuals.

NOTE: It is important for the Board's policy to indicate that the authority and power of the Board rests with the complete Board and not with any individual member.

Members of the Board of Education have legal authority for the conduct of the district schools only when acting as a body in a properly convened session. Board members acting as individuals have no authority over personnel or school affairs.

The Board will not be bound in any way by any individual's statement or action unless the Board, through an adopted policy or by a majority vote of Board membership, has delegated this authority to the individual member.

The Board is entrusted with the responsibility of developing policies under which the district is managed. In addition, the Board has all the powers and duties stated in the Education Law and other applicable New York State law.

Complete and final authority on all district educational matters, except as restricted by law, will be vested in the Board.
